REQUEST FOR INDIVIDUAL CONSULTANCY SERVICE

Individuals are being invited to submit a Letter of Interest and full Curriculum Vitae, for the following position:

CONSULTANCY – DEVELOPMENT OF AN END-USER APPLICATION SYSTEM TO SUPPORT THE CASE MANAGEMENT RESILIENCE SCALES

ASSIGNMENT OBJECTIVE

The overall objective of the consultancy is to provide technical services for the development of an end-user program (system) to support the Case Management Resilience Scale module. This consultancy forms part of a broader activity to develop a Management Information System for the provision and monitoring of Case Management services within the Ministry of Labour and Social Security in the following ways:

1. To provide a user friendly software platform to host the Resilience Matrix for use by the Ministry's Social Workers in the Case Management Practice.
2. To enhance reliability of data capturing by correctly categorising clients for appropriate interventions.
3. To standardize the resilience matrix used by each parish, eliminating potential manipulation by end-users.
4. To improve Monitoring and Evaluation reporting to enable management actions on trends identified.

QUALIFICATIONS AND EXPERIENCE

i. At least a B.Sc. in Information Technology, Computer Science, Software Engineering or a related field.
ii. At least **5-10 years'** experience in developing application software in Jamaica or the Caribbean.
iii. Demonstrates an understanding of system development life cycle, especially the process of designing and testing.
iv. Knowledgeable about functional design in areas such as identifying appropriate system platform, components, inputs, additional interface requirements, and dependencies which will ensure that the programme will achieve its objectives
v. Experience in developing Human Service Software would be an asset.
