

GOJ PUBLIC PROCUREMENT PAGE

Update of Jamaican Taxation Registration Number (TRN) and Tax Compliance Information for participation in GOJ tender opportunities via the Electronic Procurement System:

All suppliers that have a Jamaican based Taxation Registration Number (TRN) are being asked to validate their (TRN) and Tax Compliance Certificate (TCC) information on the Government of Jamaica Electronic Government Procurement System (GOJEP).

The purpose of a valid TRN in GOJEP is to:

- I. Verify Supplier's details;
- II. Allow for retrieval of Tax Compliance information for Supplier and;
- III. Facilitate the integration of the e-Tendering (GOJEP) System with Supplier's information in the Government's National Contracts Commission (NCC) registration system using the supplier's TRN as shared identifier between both systems.

To update your organisation's TRN and Tax Compliance data in the e-Tendering system, Supplier Admin Users must execute the following steps:

- I. Login to the system (www.gojep.gov.jm);
- II. Select the Supplier management link (under the Supplier Administration section on the left);
- III. Select the Edit organisation link/button;
- IV. For the Taxation Registration Number (TRN): prompt – Enter your organisation's nine (9) digit TRN (no space or dashes). See TRN rules below;
- V. For the Taxation Compliance Reference (TCC) # prompt – Enter the last TCC# issued to your organisation by the Tax Administration Jamaica (TAJ), if one was issued. By completing this task:
 - a. Your organisation's Taxation Compliance Expiration Date information will be retrieved from the TAJ Taxation system and displayed on your organisation's record in GOJEP;
 - b. Tax eligibility information for your organisation will print on the Tender Opening Reports generated by the system;
 - c. The system will send you an email reminder, fourteen (14) days prior to the expiration of your organisation's tax compliance status. Upon the expiration and renewal of your TCC, please ensure same is updated in the system by following the above steps.
- VI. Select the Save button once you have entered the above information.

TRN Format Rules:

| Organisation Type | Format | Rules |
|------------------------------------|----------------|---|
| 1 Limited Liability | 000009999 | TRN must begin Incorporated with digit 0 (Zero) and must be nine digits. No '-' or space shall be entered. |
| 2 Partnership | 000009999 | TRN must begin with Zero and must be nine digits. No '-' or space shall be entered. |
| 3 Sole Trader or Trading As Entity | 100009999/0001 | TRN must begin with the digit 1 and must be nine digits. A sub 4 digit number must be entered, example 0001 or 0002 or 0003, etc. No '-' or space shall be entered. |
| 4 Individual Consultant | 100009999 | TRN must begin with the digit 1 and must be nine digits. No sub 4 digit number must be entered, No '-' or space shall be entered. |

National Environment & Planning Agency

Request for Proposal for the Establishment of Coral Nursery at Port Royal Cays

The National Environment & Planning Agency (NEPA) is seeking to identify suitably qualified professionals to rehabilitate, as a project, the barrier reef system in the Palisadoes-Port Royal Protected Area. The rehabilitation works have become necessary as a result of a ship grounding in the vicinity of the South Cay in March 2012 and the corresponding impacts on the reef systems. The project aims to rehabilitate (ameliorate) the damaged area by enhancing the coral coverage by application of active reef restoration activities to include the establishment of coral nurseries and outplanting of nursery grown coral fragments to the impacted site.

The qualified professional/s will be required to sign a time-bound contract. The duration of the contract is for an estimated at three (3) years.

The major objectives of the project are to:

- a) Identify suitable donor sites; determine appropriate quantities and species of corals to be harvested to develop the coral nursery.
- b) Establish an in-situ coral nursery to promote the growth of coral fragments and for subsequent transplanting to artificial reef structures in the impact area.
- c) Maintain the in-situ coral nursery in order to generate additional (new) fragments by propagation and in a state ready to be transplanted to the artificial reef structures.
- d) Seed the artificial reef structures with propagated coral fragments.
- e) Ensure a minimum survival rate of 75% of coral fragments placed on the artificial reef structures.
- f) Develop a sustainable maintenance programme for the seeded artificial reef structures to enhance the survival of corals upon completion of the project.

Interested Bidders are invited to contact the Procurement Officer at email: procurement@nepa.gov.jm or telephone 876-754-7540 to obtain the Bidding Document.

All bids must be placed in the tender box located in the Lobby Area at 11 Caledonia Avenue, Kingston 5, no later than **3:00 p.m. on Wednesday, November 28, 2018**. Public Opening of the bids will commence at **3:15 p.m.** in the DAC Meeting Room on the same day.

A Valid Tax Compliance Certificate/Tax Compliance Letter must be submitted with proposal.
