

CAREER OPPORTUNITY

JAMAICA INTEGRATED FINANCIAL MANAGEMENT INFORMATION SYSTEM (JIFMIS)

PROJECT NAME: STRATEGIC PUBLIC SECTOR TRANSFORMATION PROJECT
IBRD LOAN NO.: 8406JM
COMPONENT: ADAPTIVE PUBLIC SECTOR APPROACHES TO PROMOTE FISCAL SUSTAINABILITY

The Government of Jamaica (GOJ) has received loan financing from the International Bank for Reconstruction and Development (IBRD) towards the cost of the Strategic Public Sector Transformation Project (SPSTP) and intends to apply part of the proceeds for the selection of **three (3) Financial Management Specialists** to the **Jamaica Integrated Financial Management Information System (JIFMIS)**.

The public expenditure process in the GoJ is currently managed using the Central Treasury Management System (CTMS) which is the Government's core financial management system. The CTMS has been deployed since 2004 and its modules have been developed in a piecemeal way to extend the CTMS's capabilities to conform to the growing demands of PFM reform. The adhoc approach in providing ICT support for government financial management has been costly and is hindering the pace of implementation of the Government's ambitious PFM reform agenda. The GoJ plans to extend the functionality of the CTMS by developing the Revenue Management Module (RMM), which will address the current deficiencies in revenue recording. As a first step towards the implementation of a government-wide JIFMIS, the CTMS is being further enhanced to function in a web-based environment.

In order to achieve these objectives, the Ministry is seeking to secure the services of **three (3) Financial Management Specialists** full time project staff who shall complement the work of the Financial Management Advisor in providing financial management advisory services to support the successful implementation of the ongoing PFM Reforms within the Ministry of Finance and the Public Service, and to more specifically support the successful implementation of the Jamaica Integrated Financial Management Information System (JIFMIS).

Level of effort: Full time level of effort for Twelve (12) months.

QUALIFICATIONS AND EXPERIENCE:

- Professionally qualified accountant with current membership in a professional accounting body that is a member of the International Federation of Accountants (IFAC).
- At least 5 years' experience in accounting and financial management activities at senior management/advisory level.
- Knowledge and understanding of developments in International Public Sector Accounting Standards (IPSAS) and the IMF's Government Financial Statistics (GFS) reporting requirements.
- Sound knowledge of relevant ICT applications for Public Financial Management.

The Ministry of Finance and the Public Service now invites eligible individuals to indicate their interest in providing the consultancy service. The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" July 2016, Revised November 2017 and August 2018 ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

A consultant will be selected in accordance with the Individual Consultants Selection Method set out in the Procurement Regulations. Further information can be obtained at the address below during office hours **Mondays to Thursdays, 9:00 a.m. to 5:00 p.m. and Fridays 9:00 a.m. to 4:00 p.m.**

Expressions of interest (including Curriculum Vitae) must be delivered in a written form to the address below (in person, or by mail, fax, or email) by **April 3, 2020**. The detailed Terms of Reference for the Consultancy Service are available on the website of the Ministry of Finance and the Public Service at www.mof.gov.jm (documents > procurement opportunities).
