# Aerial Recce of Southern Parishes of Jamaica to assess the damage caused by Hurricane BERYL

## JDF AERIAL ASSETS PROVIDE CRITICAL SUPPORT!

The Jamaica Defence Force (JDF) has deployed its aerial assets to conduct aerial reconnaissance (ARECCE) over areas affected by Hurricane BERYL. This critical mission enables the JDF to gather vital information and imagery, providing a common operating picture for all Ministries, Departments, and Agencies (MDAs) involved in the response efforts. In addition the support they provide for internal security operations, the aerial assets are equipped with advanced sensors and cameras, capturing high-resolution imagery and data to support damage assessment and mapping, resource allocation and prioritization, search and rescue operations and infrastructure inspection and assessment. The JDF's aerial support enhances the overall response efforts, ensuring a coordinated and effective approach to supporting affected communities.

# JDF provides assistance to clear blocked roadways across Jamaica

JDF TEAMS DEPLOY ISLAND-WIDE FOR HUMANITARIAN ASSISTANCE AND DISASTER RELIEF!

The Jamaica Defence Force (JDF) has swung into action, deploying troops across the island to support communities affected by Hurricane BERYL. In collaboration with other stakeholders, JDF servicemembers are working tirelessly to:

- Clear debris and restore access to communities
- Provide medical assistance and support
- Assist in damage assessment and recovery efforts

The JDF remains committed to supporting our fellow citizens in this time of need. Our troops are dedicated to providing aid and relief to those affected by the hurricane.
